Anthony Lee - Event Director
Country Dance World Championships

Hello and Happy New Year!

Since 1989 the United Country Western Dance Council® has provided the most unique competitive dance circuit in the world.

As president of the UCWDC, it is my honor and privilege to welcome you to the 2023 World Championships of Country Dance® on behalf of the 95 directors who host 35 events around the globe.

This world championship event is a hallmark of our vision for a thriving global country dance community. Certainly, competitors strive to stand proud on the podium at the end of the day. Yet I encourage you to compete with a spirit of sportsmanship, dignity and respect for one another. The level of care we show for each other - competitor, social dancer or spectator - sets apart our dancesport from others.

Friendships born on the dance floor are the real prizes of competition. Unlike trophies, friendships gather no dust.

In the coming days we are going to share some exhilarating moments. Country dancers love to put on a big show! Please join me in acknowledging and appreciating the efforts of Worlds Director Tony Lee and the dozens of people who have created this championship event.

Best wishes for a fulfilling and exciting week of dance and camaraderie,

Keith Armbruster - UCWDC President

Competition Guide

If this is your first time watching a UCWDC country dance competition, and even if it's not, we know the numerous skill levels, age categories and dance formats can be confusing. Presented below is an unofficial general glossary of terms to help make sense of the competition divisions you could be watching at Worlds.

Couples

Contestants pick their own partner, practice together, and compete using their own choreographed routines.

Line Dance

Contestants compete to preselected, choreographed dance that utilizes a repeated sequence of steps. Contestants dance in one or more rows, all facing the same direction, and all executing the steps at the same time. Line dancers do not have physical contact with each other during competition. With very few exceptions, males and females are judged separately.

ProAm and ProPro

These are divisions in which an amateur student (or student pro) dances with his or her instructor to choreographed routines. Pros may perform the same dance numerous times depending upon the number of students they are competition with during a given session. **Tip:** The competitor is the one wearing the number. Teachers do not wear numbers.

Classic Division

Contestants dance to songs selected by the competition DJ. Contestants do not know what song they will dance to until their session. This division does not allow lifts, drops, or "tricks".

Showcase Division

Contestants know their music well in advance and choreograph their routines to "fit" the music. Within limits, you may see lifts, drops or fancy "tricks".

Dance Divisions

	Crystal Division - 30+	Junior Youth - at least 10, but less than 14 years old

UCWDC Country Dance Pioneers

Prior to 1995, there were countless individuals who spent multiple nights of the week, every week of the year, dancing, teaching, competing, promoting, traveling and networking with local and regional communities that a few years later resulted in the formation of a world-wide organization called the UCWDC. It was through their vision --- their creativity --- their sacrifice and motivation to unite country dancers from near and far – that forged a path into the future, that built the foundation of a sport we have all come to enjoy so many years later – men and women who gave of themselves in dedication to a growing family of country dancers around the globe. In those early years ‘before’ and during the formative years of the United Country Western Dance Council, these individuals were true “**Country Dance Pioneers**” in their regions. Their impact on country dance can **still** be traced back three decades later. We are forever grateful.

From the desk of the VP Rules

Welcome, dancers!

And to our competitors, congratulations on qualifying for the 2023 Country Dance World Championships®.

This world championship event is the culmination of the United Country Western Dance Council® competition season and a celebration of your hard work and growth over the past year. We are proud of you!

It is also a time to look forward and prepare to continue your dance journey in the new Dance Season.

Spotlight On Dance Scholarships

These amazing organizations help grow dancers every day!

Giving Dance DanceSport Team

www.aimeeallendance.com/dance-team

We, as a family, value the atmosphere in which students learn from seasoned professionals who truly care about each of them as individuals as well as the teams they are a part of, instilling in them that they each represent something bigger than themselves. The experiences and lessons our dancers have learned have are invaluable! Not only does each dancer developed their skills and abilities in dance, but they learn many life lessons. They have learned that hard work pays off. How to work together in a team setting, and how being a positive contributor is key to success. 501(c) 3

LoneStar Country Dance Scholarship

www.LoneStarDanceScholarshipFund.org

LoneStar Country Dance Scholarship Fund was organized to promote a love of competitive country dancing. Fostering a love of dance in college age students gives them the opportunity to learn social skills and gain confidence as they move from teenager to adult. The opportunities the fund offers will help them develop a lifelong love of dance and can help bridge the transition from their college campus to a future job. 501(c) 3

North Texas Dance Scholarships

www.ntxdance.org

The mission of North Texas Dance Scholarships is to advance competitive dancesport through support for the next generation of dancers. We support high school and college students in their pursuit of competitive Ballroom and Country dance opportunities. Thousands of children and teens across North Texas enroll in a variety of dance programs each year. A predictable number leave their programs due to lack of interest and enjoyment. We aim to keep growing dancers in the sport through support for instructional, costuming, and competition expenses. We invite your personal and financial support of this mission. North Texas Dance Scholarship Fund is an 501(c)3 tax exempt organization. Your donations are tax exempt.

We Dance Country USA

www.wedancecountryusa.com

We Dance Country USA Foundation Inc. is a 501c3 nonprofit organization out of Marietta, GA. Our mission is to grow the country and western dance competitions by introducing and educating newcomers and youth to start and continue dancing on the country circuits. As well as helping provide training and/or support for professional dancers that have never danced country. Therefore, keeping the art of country and western dance prospering and not becoming a lost American art form.
